

Christian Formation Ministries, Inc.
Richard H. & Dawn M. Johnson

***Workday at The Christian Formation Center
Saturday, April 5th, 9:00 am-3:00 pm***

The Center is open, but we still have work to do. Here's a partial list:

DOWNSTAIRS:

- Install window in prayer room wall.
- Finish mudding, taping, and sanding.
- Touch up paint on walls and ceilings (need a sprayer that does the splatter pattern)
- Hang four interior doors, one of which has already been hung, but hung wrong.
- Fasten emergency light conduit to the wall.
- Refinish kitchen cabinets.
- Install staircase handrail.
- Clean and paint floor.
- Paint and install trim.

UPSTAIRS:

- Install dishwasher/disposal in upstairs kitchen.
- Build shelves for kitchen.
- Install countertop for desks in office.
- Hang doors for kitchen, office, and bathroom closet.
- Build railing around back door concrete landing.
- Touch up paint.
- Paint and install trim.

We have a training meeting scheduled upstairs that morning from 9:00 am-noon (From Egypt to Canaan), but that doesn't mean we can't work downstairs, and then move upstairs in the afternoon. If you or anyone you know can do the plumbing and hang the doors, that would be awesome.

Please call or e-mail and let us know you're coming.

THANKS!
